

New **Quail Pro11** for team communication

Clear discrete communication between physicians and clinical staff in ORs & ICUs results in safer decision making

- Noise cancelling to remove all background noise in the OR
- Easy to clean anti-microbial plastic
- External output for conferencing & teaching applications

“Safety is about good communication. It is essential that all staff are aware of the decisions being made. Headsets improve this process.”

David Sweetnam, Senior Orthopaedic Surgeon, Schoen Clinic Orthopaedic and Spinal Hospital London

“My ability to communicate quickly and effectively with other members of the team increases efficacy and patient safety in these complex procedures.”

Dr Husam H Balkhy, Associate Professor, University of Chicago Medicine

“Audio headsets make a significant improvement in communicating to everyone involved. We all feel more like a team.”

Paul Harnett, Consultant Trauma & Orthopaedic Surgeon, Kings College Hospital, London
